**WE INVITE CONSTRUCTIVE CRITICISM—
 OTHERS SHOULD, TOO.**

In another part of this issue, under the heading of "LETTERS" is a letter from Messrs Sylvan J. Ladner and J. Cyril Glover, members of the Commission Council of the City of Bay St. Louis, in answer to our editorial in last week's issue entitled "What's Wrong, Gentlemen."

Let us say, here and now, that we have never "condemned" anyone. We may have criticized them and others when we saw fit to do so, but if we have it was constructive criticism, aimed at getting things done for the betterment of our community, or asking that facts be published so that the people may know just what is being done with the taxpayers' money—which knowledge, after all, the taxpayers are entitled to.

It is, and always has been, the policy of this paper to be fair and square and aboveboard with everyone, and if we have ever failed to do so, we want to be told about it, so that we may make restitution. If we did not want to be fair we would not publish letters such as the one from Commissioners Ladner and Glover—but this is our way of presenting both sides of a question, which is what we think the public is entitled to.

Their letter states that we have criticized them. Perhaps we have—and justly so. For example: there are three printing establishments in the City of Bay St. Louis, yet the very stationery on which the letter received by us was written was printed by an out-of-town printing concern. Would you call that fair to local businesses? Do these out-of-town firms own property in Bay St. Louis and pay taxes. NO. Do these out-of-town firms give column after column of free publicity to community projects, civic clubs, benefits, etc? NO, THEY DO NOT. But we local concerns, who own property and pay taxes which go to pay the salaries of these city officials, do.

Last year the City of Bay St. Louis advertised for bids for the printing of the tax receipts. An out-of-town concern was given the order because their bid was a few dollars cheaper. Certainly we local printers could not compete with big city prices, but is that any reason why our tax money should be spent to help other communities, when we same printers give so much free publicity to help build our own community?

Yes, we may criticize, but we assure you we are dealing with principles, not personalities, in our criticism. It is aimed at getting things done in our town and letting the people know what is being done with their hard-earned tax money. And we shall continue to do so when we think it will do some good, because we believe that a good newspaper is one that will fight for what it thinks is right for its town and the townspeople, and that a newspaper should be a servant of the people, just as our esteemed city officials should consider themselves.

Mader-Poolson Wedding Solemnized Saturday

A wedding planning interest here and in New Orleans was that of Miss and Mrs. Charles Poolson, daughter of Mr. and Mrs. Charles Poolson Sr. of this city and Mr. Oliver Joseph Mader, Jr. son of Mr. and Mrs. Hader of New Orleans, who were married Saturday, September 20.

The couple were married at a nuptial mass in Our Lady of the Gulf Catholic Church at 11 o'clock, the Rev. Father E. P. Desmond officiating at the double ring ceremony.

The bride was given in marriage by her father and was groomed in a wedding dress of candlelight shimmer satin the full skirt of which fell in a long train. The form-fitted bodice was of Chantilly lace with a yoke of tulle connected to the dress with Chantilly lace and designs of Seed Pearls. The long sleeves ended in points over the hands and were trimmed in seed pearls and Chantilly lace.

Her long veil of illusion was held in place by a fitted Juliette cap of satin, Chantilly lace and seed pearls. She carried a cascade effect bouquet of lilies of the valley, fleur-de-lis centered with an orchid. She also carried a chrysalis Rosary.

The traditional wedding marches for the processional and recessional were played by Professor Scott Assenheimer sang Ave Maria, Panis Angelicus and Lord, I Am Not Worthy. Miss Poolson had as her matron of honor Mrs. Gilbert Guyout of New Orleans and her maid of honor was Bridesmaid Mrs. Charles Poolson Jr. of Bay St. Louis and Miss Josie Cardella of New Orleans.

The maids dresses were fashioned with the off the shoulder bodice of Nylon Tulle and floor length full skirts

of velvet tulle. All in Aqua shade. The bridesmaids were with the brides and the maids were Juliette caps of shimmer nylon tulle outlined in leaves of tulle. They carried crescent-shaped bouquets of yellow roses and variegated foliage tied with ribbon of tulleman shade. The maid of honor carried a large bouquet of roses. Mr. Mader had as his best man his brother, Mr. Harold Mader of New Orleans and as groomsman Roger Day, Ashton Mader, of New Orleans and the bride's brother Charles Poolson Jr. of Bay St. Louis. Ushers were Beverly Bahan, Harvey Colomb of New Orleans.

Following the ceremony a reception was held at the Knights of Columbus Hall. Here Mrs. Poolson, wearing a tan lace dress and Mrs. Mader in sapphire blue lace were receiving with the bride party. Both wore a shoulder corsage of white orchid.

The bride's table was covered with an imported Irish cut out linen cloth and bordered with imported lace and in the center was the four tiered wedding cake surrounded by daisies and ferns. For traveling the bride wore a blizzard blue suit of tulle and wool and felt hat of cloud blue. She wore the orchid from her bouquet. Her gloves matched her hat and her shoes and purse were Navy blue.

They left for Florida on an extended trip after which they will be at home in New Orleans.

The bride is a graduate of St. Joseph and of the Hotel Dieu School of Nursing. She has been with the Veterans Hospital in a professional capacity.

Mr. Mader is a graduate of St. Aloysius and has been with the Inter-Communications System and is now in the US Navy.

Hendricks-Bertucci Nuptials Sunday

Before an altar, banked with tall potted palms, fern and white chrysanthemums, Miss Amelia May Bertucci, daughter of Mr. and Mrs. William Bertucci of this city, became the bride of Mr. John Raymond Hendricks, son of Mrs. R. J. Hendricks of Rock Island, Illinois, Sunday, September 20 at 3 p. m., the Rev. Father E. P. Desmond officiating.

Gowned in a wedding dress of white satin and lace the bride entered with her father, who gave her in marriage, to the music of the Bridal chorus from Lohengrin with Prof. John Hemmersbach at the organ.

The full skirt was of patio length and the bodice of lace and net was strapless and was worn with a bolero effect jacket which had long over the hand sleeves of lace. She wore as her only ornament a string of pearls. She carried a cascade arrangement of lilies of the valley and Fleur d'Amour with a white orchid hidden in the center.

The short veil of illusion was held to her head by a small coronet of orange blossoms.

Attending the bride as matron of honor and bridesmaids were Mrs. Lucas Pucheu Jr., and Miss Doris Carrio and Miss Alma Ploue. Mildred Church was the flower girl.

All of the maids wore dresses of gold net over velvet with ruffles of gold net and their bouquets were of purple asters with headpieces of the same flowers.

The flower girl wore white net fashioned as the brides and her flowers were of white asters.

During the ceremony Scott Assenheimer sang Ave Maria.

Mr. Hendricks' best man was Ray Hillyard of Keesler Field and the groomsman were Lucas Pucheu Jr. and John Germ, also of Keesler. The ushers were Norman Tucker and Glen Montgomery of Keesler.

A reception followed the ceremony, held at the Knights of Columbus Hall, which was bright with tall palms, potted fern and bright flowers.

Here Mrs. Bertucci and Mrs. Hendricks were receiving with the bride party.

The bride's table was covered with a linen cut work cloth and fern and white flowers and the large four tiered wedding cake centering the table completed this.

For traveling the bride selected a gray suit which was worn with yellow accessories and her gray hat had a yellow band around it. The couple left for a trip to Florida and upon their return they will be at home in their cottage on Booker St.

The bride, a graduate of Bay High School, is an attaché of the Merchants Bank and Trust Co., and Mr. Hendricks is an instructor of Radar at Keesler Field.

"We're Not Married," Fun Riot at Star Theatre, Sun, Mon, 28 - 29

One of the most unusual and refreshing comedies to come our way in some time is Twentieth Century-Fox's chuckle-a-minute masterpiece, "We're Not Married," at the Star Theatre Sunday and Monday, September 28 - 29.

With an all-star cast to guide it along its merry way, "We're Not Married" is a raucous confection of mirth and confusion as five pairs of supposedly married couples discover that after two years of wedded life, they really aren't married at all—victims of an over-zealous, unlicensed Justice of the Peace. Each sequence is a cameo of human frustration, elation and contrasting emotion. Incorporated into one finished gem, they make for a memorable experience in rich motion picture entertainment.

The cast, which includes Nunnally Johnson and Director Edmund Goulding assembled, is as star-studded a group as even the most avid movie fan could wish for. Each performer outdoes the other in transforming the hilarious story to reality.

Ginger Rogers, the ever-glamorous lovely of last standing and Fred Astaire, the sharp-witted, carefree dancer from radio and TV, are superb as the wife and husband who, after a long and arduous search, find each other. They are joined by a host of other stars, including Marilyn Monroe, and David Wayne, who provide continuous variety as they play a variety of roles. For married women only to discover what's no longer eligible.

The Editor
Hancock County Eagle
Bay St. Louis, Mississippi

Dear Sir:
The purpose of your editorial
"What's Wrong, Gentlemen?" was, I
believe, to stir the City Council to
some action on the water and sanitary
sewer project. I agree with you
wholeheartedly that we have now had
enough time in which to give the
matter full consideration. A decision
should be made immediately.

But the consideration of an efficient
water supply and distribution system for
this community is not new to this
Council. Some two and one-half or
three years ago I proposed to the
Council that we engage a firm of
competent engineers for the purpose
of submitting plans and specifications
for a first-rate system. The proposal
was given a two-thirds vote "Against."
Instead, contrary to the advice of
engineers, a well costing approxima-
tely \$15,000 was put down in the Cedar
Point area. The power bill to operate
this well is about \$125 per month.
Now let me point out that there was
no need at that time for MORE
WATER SUPPLY. It was a problem of
improper distribution.

Every man, woman and child in
Bay St. Louis was then using and
consuming 300 gallons of water per
person per day. That is approximately
three times the average per capita
consumption of water per day through-
out the United States. I am not saying
that this well did not relieve the con-
dition that existed.

And here is another fact that may
surprise many: Although we are
pumping and using approximately one
and one-quarter million gallons of
water per day the total collections
from water sales for the year ending
September 30, 1950 amounted to only
\$11,968.43.

With these facts before us, I am sat-
isfied to leave the matter before the
public for their consideration and to
ask, should not something be done
immediately about this matter?
Since the Chamber of Commerce
became interested in this project, the
selection of an engineering firm by the
Commission Council has been the prin-
cipal "obstacle" confronting the City
Council. Of all the firms interviewed,
one particular firm seems most out-
standing in every respect.
Another firm being seriously consid-
ered by the Commissioners offers to make
the preliminary survey for the sum
of \$100 and if the project fails to
pass a vote of the people then the
City is under no obligation for further
costs or fees.

All other firms propose a flat fee
for the preliminary survey ranging
from \$1,600 to \$2,500 with the addi-
tional clause that if the project goes
as far as detailed plans and speci-
fications and the proposal is rejected
by a public vote then the City is obli-
gated to pay the firm engaged one-
half the total engineering fee.

Let me explain that clause fully.
Should we engage one of these firms
and agree to pay them a flat fee for
engineering services they will submit
to us a preliminary report giving approxi-
mate or estimated costs of completing
the various proposals offered.

After studying this preliminary report
it is then up to the Commission Coun-
cil and the Chamber of Commerce's
Advisory Committee to decide what
further action should be taken. I am
firmly of the opinion that both groups
can certainly decide on something that
may be voted on by the citizens of
this community.

If it is thought that even the mini-
mum proposal would be too expensive
then the City is at liberty to drop the
matter entirely and let the further costs
or fees will have accrued.

As far as I know, would the
\$100 proposal be any more than
a thing for nothing, does not mean
anything in the least. There are
hundreds of firms who would be
glad to do the work for a flat fee
of \$100.

More Telephones on the Way

The cable splicer's tent, a familiar sight now days, is a sure sign of telephone progress... It generally means more cables going in—more lines to serve more customers; and more lines for faster, better, more dependable service for present customers.

Every hour of every working day, Southern Bell is putting in an average of approximately \$5,000 in additional plant and equipment in Mississippi. It's all a part of our constant effort to meet the full telephone needs of families, business, government and defense.

Demand for service kept growing... But we're growing too! We're eager to furnish the kind of service you want as quickly as we can.

ALL GIRLS' CHORUS

The Bay High all-girl chorus is well on the way working on songs to be presented at the programs which are going to be held throughout the year. The girls are working hard and hope that you will enjoy the programs as much as they enjoy putting them on for you.

ELEMENTARY GRADE SCHOOL NEWS

Through the courtesy of the Bell Telephone System the elementary grades has a film strip "How We Use the Telephone." They also were presented with a student booklet entitled "The Telephone and How We Use It." Two telephone instruments were loaned to instruct the pupils as to the proper use of them. Later in the week the entire student body was shown a motion picture, "Adventure in Telesonia." This was greatly enjoyed by all. This coming Friday, September 26 the grades will have their first assembly program which will consist of group singing, Time and place, 8:45 a.m., Bay High Auditorium.

Mr. Charles Brown of Memphis, Tenn. is the house guest of Mr. and Mrs. A. O. Hoefel.

Louis Stabile left last week for the University of Mississippi where he is a student.

Percy Scherz has returned from an extended business trip through the East.

Dr. and Mrs. Roy de la Housiere of New Orleans will be weekend guests of Mr. and Mrs. Lloyd B. Griffith at their home this weekend.

Mrs. David McDonald is at home from the Baptist Hospital and is much improved in her general condition.

Mrs. Lester Smith has returned home from a two week visit with her sister, Mrs. Lucy Humphries in Monroe, La.

Mr. and Mrs. Robert Bressel and baby of New Orleans visited Mrs. Bressel's parents, Mr. and Mrs. J. Rau for the weekend.

Martin and Lewis join the Paratroopers and create general havoc and mischief among the same, with orders of the military jumping Jacks is packed with guns, other and some laughter to please the entire family and presented as only this famous comedy team can do.

"Jumping Jacks" concerns the adventures of a group of paratroopers to put on a series of camp shows which will please their general. To put the show over Martin contacts his ex-vaudeville partner, Lewis, and engages him into the Army for just one show. As might be expected Lewis gets trapped into staying with the outfit and against his will is forced to participate in the rigorous and sometimes hair-raising training.

Lewis' singing is never better. Martin's songs are always good. And added to these two comedians is a first-class pianist, starting friend.
